Find Out My Breast Density Day
February 21, 2024

Either way, be sure to use the hashtag #DensityTime in your posts.

Post: Can You Find the Cancer?

Join us on February 21, 2024 as My Density Matters hosts their 4th annual Find Out My Breast Density Day.

Breast density can impact your risk of developing breast cancer AND makes it harder to see cancer on mammograms.

12 pm CST: My Density Matters' Breast Tools Talk Show will stream live on My Density Matters - LinkedIn, Facebook, X, and YouTube social media channels.

5 pm CST: 'The Doctor Is In', hosted by BlackDoctor.org, will be on Facebook Live.

Together we will build the bridge from awareness to action.
